NGK Spark Plug Co., Ltd. announces Group reorganization in the ceramic IC package business

NGK Spark Plug Co., Ltd. (the "Company") announced that it had decided at a meeting of the Board of Directors on May 8, 2009 to reorganize its ceramic IC package business.

The Company aims to further strengthen its ceramic IC package business. For this objective, the Company is going to restructure existing operations so that it can make strategic decisions and more efficient investments. The reorganization will be implemented stepwise;

- (1) integration of the Company's affiliates Nakatsugawa Ceramic, Iijima Ceramic and Kani ceramic, and
- (2) Merge of the Company's ceramic IC package business with the integrated affiliates.

Nakatsugawa Ceramic will be the surviving company. The date of the reorganization will be October 1, 2009.

The Company will announce further details regarding the reorganization as soon as they are decided.
